

lesson 6: making connections

outcome: Identify resources you can tap to support your goals.

what is a network?

my network connections

DIRECTIONS: In the space provided, map your network by identifying who you are connected to. Think about:

- Your family network
- Your social network (friends and acquaintances)
- Your academic network (teachers and school contacts)
- Your professional network (your boss or coworkers)
- Other networks that you are a part of

.....

support for my goals

DIRECTIONS: Record three of your academic goals in the space provided. Then, determine one or more of your network contacts who can help you reach your goal. Explain how they can help in the space provided.
