

lesson 23: introduction to programs and majors

outcome: *Identify programs and majors that can lead to a career of interest.*

COLLEGE CAREER CONNECTION

Envision your future as a chain of events: Secondary success → postsecondary education or training → career success.

COLLEGE 101

A program or “major” is the postsecondary field of study or subject area you choose to focus on in order to prepare for a desired career.

STUDENT HANDOUT

programs and majors

DIRECTIONS: Identify a program or major that matches with your current interests and your career goals.

My favorite program and major so far is: _____

Summarize the program or major (just the facts): _____

What are your degree options (check all that apply):

- High school diploma preferred, but not required
- High school diploma or GED
- On-the-job training or work experience
- Associate Degree (2 years postsecondary training)
- Bachelor's Degree (4 years college or university)
- First Professional Degree (Master's degree, law degree, or medical degree)
- Second Professional Degree or higher (PhD, certificate, or second Master's degree)

Tell why you like it. _____
